

# Highlights at the Festival

## The Tingler in Percepto

William Castle, America's premiere showman, conceived of and installed the "percepto" devices in 1000s of theater seats across the country back in the 50s. Fantastic Fest is bringing it back for the 2008 Festival. Experience the greatest "experience" gimmick in the history of cinema, lovingly recreated by our friends at dorkbot. Tickets for this show are on sale now!

September 24 and 25

## The Estomago Feast

Executive chef John Bullington will be preparing a five-course feast with matching wine pairings to compliment the regional premiere of Estomago, winner of the Audience Award at this year's Rio De Janeiro Film Festival. Tickets for this film are on sale online now!

Tuesday, September 23

## Pink Film Retrospective

Soft-core sex films with bizarre overtones, Pink Films are the breeding ground for hot new directorial talent in Japan. Truly some of the craziest films of this year's festival. Individual tickets for this series are on sale now!

September 22-24

## Free outdoor screening of The Road Warrior

Vegemite sandwich eating contests before the film, meat pies and shrimp on the barbie from the Alamo kitchen, vintage trailers, giant Australian beers and a free big screen outdoor presentation of THE ROAD WARRIOR in the Lamar Alamo parking lot. The price is right for a great Friday night of Aussie fun. Also check out the Australian Exploitation retrospective playing throughout the festival.

Friday, September 19

## Kevin Smith live in person

Kevin Smith will be live in person for the US Premiere of his new feature ZACK AND MIRI MAKE A PORNO which got rave reviews at the Toronto Film Festival last week. Following the screening, stick around for the Air Sex World Championships on the stage of the historic Paramount Theater.

Thursday, September 18

## Bill Pullman live in person

We're all fans of Bill Pullman in the programming office and are really excited about this late breaking news. For me the fondness began with SPACEBALLS, for Henri, I feel safe to say it was NEWSIES. Anyway, film historians of the future will be calling 2008 the year of Bill Pullman with the one-two combination punch of his two outrageous movies: SURVEILLANCE and YOUR NAME HERE.

Friday, September 19

## Donkey Punch Boat party

Seven sexy young Brits are hanging out on a "borrowed" yacht for a day of drugs, debauchery, and ultimately donkey punching. It's the last activity causes everything to unravel. After the screening, follow us to Ladybird Lake for the potentially inappropriate Donkey Punch Boat Party.

Saturday, September 20

## Check the web for daily ticket availability

Badges are sold out for the 2008 Festival, but check. If you don't want to miss out on the action in 2009, those badges go on sale on this Saturday. Last year VIP badges sold out in 24 hours, so don't delay. For 2008, check the ticket icon on the Fantastic Fest website for individual show tickets. This list will be updated daily throughout the fest.
